OUR SCHOOLS ARE BROKEN.

**THE STATUS QUO IS NOT WORKING.
IT'S TIME FOR A FRESH APPROACH.**

I'm a mom and school board president who has faced lawsuits and threats for standing up to protect our children. As State Superintendent, I'll continue to be relentless in fighting for every family to ensure our schools are safe and focused on learning.

Sonja Shaw never planned to run for office.

A Chino native who overcame a challenging childhood, she was content as a soccer mom, cheering on her two daughters from the sidelines. But when California sidelined parents during debates over closures and mandates, she could no longer remain a spectator. Sonja's resilience and faith drove her to fight on behalf of our children and families.

Over half of California's students are unable to read at grade level—this isn't just a statistic, it's a cry for help. Sonja is running for State Superintendent in 2026

to refocus schools on core academics and empower parents. She understands the stakes for our children's future and will fight to return our schools back to being launchpads for dreams, not political battlegrounds.
